LAFAYETTE — ORINDA CALIFORNIA — FRIDAY, FEBRUARY 11, 1949

5 cents

See You at March of Dimes Dance Put Your Dimes Into The Fight

If you want to squeeze the most possible fun out of that hard-earned buck and a half, treat yourself to the March of Dimes dance Saturday night, 9 to 1 at Acalanes High School.

Not only will your toes do a double flip to Henry Gallagher's smooth music but somewhere along the course of the evening, there'll be a rip snorting floor show featuring performers like The Uncalled Four, songstress Nini Arnell and Pat Patterson and his Puppets.

If your buck and a half isn't already screaming to be dropped into the ticket till, just give a thought to the fact that proceeds from the dance are signed, sealed and delivered to the March of Dimes campaign, which the sponsoring committee points out merits every cent you can spare.

Just take another look at the entertainment general chairman Mel Nielsen has lined up. The Uncalled Four brought down the house at Harmony Night recently and has scored successes in all appearances in California and Nevada.

Nini Arnell has been singing her way to audience applause at El Nido, where she has a more than enthusiastic following. Enola Deane, popular New Orleans tap dancer, will add to the evening's varied entertainment. Pat Patterson and his puppets need no introduction; even Time magazine has given the act a nod as an interesting new addition to west coast television.

The Orinda Barbershop Chorus also will render a group of their top selections, and before and after this entertainment program, Henry Gallagher and his 13-piece orchestra, a steady favorite at Diablo Country Club, will supply continuous streams of enticingly danceable music.

By now your buck and a half should be bellowing to be ex-

Fathers Invited To Mothers Club

The next meeting of the Orinda Mothers Club will be Tuesday evening at 7:45 o'clock, at the school auditorium for both fathers and mothers.

Entertainment will be a review of a current Broadway play by Leona Mouton Nelson. The play is a comedy and a hilarious evening is promised.

Mrs. Nelson has been doing play and book reviews in the Bay Area for many years and has appeared at both the City Club and Athens Club in Oakland. Although Mrs. Nelson lives in Berkeley she has many friends in Orinda as she is a member of the Orinda Country Club.

Refreshments will be served after the meeting. Mrs. Ed Solinsky and Mrs. Dick Week are in charge of arrangements, assisted by Mesdames Colvin Doughty, Jack Moyle, Rudy Rasmussen, George Klement, Joe Navone, Norman Bailey, Stanley Allen, Mika Thurlow, C. A. Hands and Henry Harris.

Lions to Throw Valentine Party

The Orinda Lions will throw a party Saturday night at the Lafayette Legion Hall in honor of St. Valentine.

From all reports, general chairman Tommy Snow is whipping up a real wing-ding, complete down to the last chunk of cheese on the smorgasbord. Lions and their favorite Valentines will eat, drink, and dance and play games till the wee small hours.

Cal. Professors to Speak at Honor Court as 3 Scouts Attain Eagle Rank

Two professors from the University of California will be guest speakers at Scout Troop 200's Court of Honor Thursday night at 8 p.m. when three local youths receive Scouting's highest award, the Eagle badge.

Troop committeeman Sig Groennings invites all friends of scouting to attend this special court at the Orinda School.

WHO ARE THEY?

Scouts to be honored are Robert Wickman, son of the Emil Wickmans; James Hall, son of the Ralph Halls, and Sven Groennings, son of the Sig Groennings. Parker Haydon, acting scout-

changed for a dance ticket. Tickets are available at the following spots: Orinda — Wright's Village Pharmacy and Orinda Pharmacy; Lafayette — Super Saver, Food Center and Lafayette Pharmacy; Walnut Creek — Dahlgren's, Leo's Smoke Shop and Reilly's Music Shop.

Woodlands Assoc. Directors Meet

Directors of the Moraga Woodlands Association met Monday night at 8 p.m. at the George Tonkin home to discuss organization.

Plans to make a survey of the membership, now totaling about 71, were made. President S. G. Culver said. An attempt to interest new residents in joining the Association will be made by personal contact.

Officers present were S. G. Culver, president; Oscar Giem, vice president; Ken Hauter, secretary; and George Horton, treasurer. Board members at the meeting were Jack Bower, George Tonkin, Theo Crook and Ray Malone.

Ray Malone was appointed to represent the group at Orinda Association meetings.

Scouts and Fathers in Get-Together

How it feels to go "upside down on your head" while speeding around a midjet auto race track; what it's like to crash through a fence at full speed and come out of it with minor injuries; how a car and its driver react while whipping down the Indianapolis Speedway at 100 and 170 miles an hour; these and many other experiences of the race track were told to the audience at Scout Troop 207's annual Fathers and Sons Night last Tuesday by Fred Agabashian, noted racing car driver.

Agabashian started with a ten minute talk dealing with the building, care and handling of racing cars, midjet and large. Offering to answer questions from the audience, he was held on the speaker's platform for an hour while the boys and their fathers asked questions dealing with everything from speedometers and tachometers to "Tell us about some good wrecks you were in."

S. S. Hunn, Scoutmaster, introduced his new assistant for the troop, Dick Bottjer, and both Hunn and his committee expressed gratification at the excellent turnout for the evening.

Aside from Agabashian's talk and a supper served by the boys to their fathers, competitive games were played. At the request of the fathers, the games required a minimum of physical effort.

Valentine Dance Set by Fellowship

The Pilgrim Fellowship Valentine dance will be held in the new church unit, tomorrow from 8 to 11:30. The tickets are 50 cents for a couple or 35 cents for singles. Refreshments will be served. Some surprise entertainment features are planned. There will be no meeting Sunday evening, the 13th but on the 20th meetings will be resumed with a "singspiration" at the home of the president, Roger Dunn.

UNLIMITED PATIENCE, DEFT SKILL and great experience are the ingredients which Mary Doyle, physio-therapist for Contra Costa Chapter, National Foundation for Infantile Paralysis, uses to restore afflicted patients. Here she is shown with little Andy Riva, 5, Pittsburg, doing a series of intricate arm and shoulder exercises before a pier glass. Constantly working before the mirror and with proper instruction, the little lad is on the road to recovery. Thanks to your March of Dimes, dollars and the great work of restoring those stricken with polio goes on the year-around in Contra Costa County. Two clinics, one in Walnut Creek and one in Richmond, take care of the afflicted.

Completion of New School Delayed; Board Decides Against Bus Extension

Orinda School Board of Trustees Monday night granted the Pacific Company, contractors for the Glorietta School, a time extension until April 1 because of the various delays due to bad weather and other factors beyond their control, Joseph Sheaff, superintendent, said today.

The Board anticipates that the new school will not open until September, as there is a great deal of grading and paving work to be finished after the building is completed and before the school can be occupied.

The Board appointed Whitney and Linton as landscape architects. The firm will prepare preliminary drawings for a master landscaping plan for the school.

BUS EXTENSION

Several districts, including Moraga del Rey, Glorietta, Sleepy Hollow and El Toyonal, have asked for an extension of the school bus schedule. The Board intended to make these extensions when the buses were rerouted for the Glorietta School, but Sheaff reports that the extensions will probably not be made until next year as the budget has been set up for the present routings and it would be difficult to add the mileage.

"The Board hopes to grant the extensions in September, as it is cognizant of the fact that they are needed," Sheaff said.

The School Board re-appointed Edgar Stewart as its representative on the Civic Affairs Committee of the Orinda Association.

NEW POLICY

Sheaff stated that the Board adopted a policy whereby the school will not loan equipment, such as moving picture and sound machines, vacuum cleaners, etc., to be taken away from the school.

"This equipment is available for any organization to use at the school building, but the Board feels it should not be moved away from the building because of the risk of breakage," he explained.

Business Association to Study Parking, Zoning

Parking and zoning problems are on the agenda for the Better Business Association meeting according to Clarence E. Betz, secretary-treasurer.

The group will meet Monday, 7 p.m. at Casa Orinda.

Planning Commission May Decide Orinda Zoning Tues.

The controversial zoning of Orinda will probably come to a vote Tuesday night at the weekly meeting of the County Planning Commission, Thomas Heaton, county planning technician, reported today.

Supervisor Jack Cummings, ex-

officio member of the Commission, and Commissioner John Stoffel have completed their survey of Orinda, as ordered by the Commission, and are prepared to present their recommendations, Heaton stated.

POSTPONED THIS WEEK

Orinda zoning was on the agenda of the group's meeting last Tuesday evening, but as midnight approached the Commissioners decided to delay it one week.

The Commission will hear oral reports by Cummings and Stoffel and will then make its decisions. The recommendations will then be forwarded to the Board of Supervisors for final decision.

CONTROVERSIAL ISSUES

Major point of controversy is RS (residential with minimum of 10,000 square feet) vs. RA (residential one-half acre) in Hacienda del Orinda, Moraga Glorietta and Moraga Manor. The Commission previously recommended RS, but Orinda organizations demand half-acre zoning for these areas.

The Orinda Association is urging that the business section at the Crossroads be extended no further on the highway than Davis Road, rather than beyond the road as recommended by the Commission.

Exception is also being taken to the proposed zoning of unsubdivided lands in various sections. Orinda Association asks that most be zoned RA instead of the proposed RS or (agricultural, to be zoned later.)

Pool Board Meets At Glen Holtwicks

The Orinda Park Pool Board elected Charles Ward as its representative on the Orinda Association at the Pool Board's meeting February 2 at the Glen Holtwick home.

Keene Pettengill was elected to serve on the Board replacing Pat Train who is moving from Orinda. Mr. Pettengill will take on the treasurer job replacing Mrs. Peg Winters, while Mrs. Winters will continue to handle publicity.

The Park Pool is faced with the problem of finding a new manager to replace Don Smith who recently turned in his resignation. "During his seven years service as Director, Mr. Smith has bent every effort to keep a high standard of cleanliness and efficiency in the operation of the pool," Mrs. Winters said.

New Officers Take Over at Meeting

The Evening Section of the Womens Guild of the Orinda Community Church held its February meeting at the home of Mrs. Donald Hunter, 10 Orchard Court.

The new president, Mrs. A. D. Henry, presided. The other officers for 1949 are vice president, Mrs. W. S. Dean; secretary, Mrs. R. W. Brown; treasurer, Mrs. S. S. Hunn; membership chairman, Mrs. C. L. Blue; ways and means chairman, Mrs. A. W. Bowman; program chairman, Mrs. J. F. Conley. Mrs. U. B. Smith, the outgoing president, was presented a gift in token of the Guild's appreciation of her fine work during the past year.

Following the business meeting, the members heard a highly entertaining talk by Mrs. Elizabeth McDonald of the Pacific School of Religion. Refreshments were served to 45 members and their guests by the co-hostesses, Mrs. Owen Jones, Mrs. Fred Twining and Mrs. W. S. Dean.

Specialist Speaks On Child Care

"Nursery School Procedures" was the subject of an instructive talk given by Dr. Mary Woods Bennett, Mills College associate professor of Child Development at the Orinda Nursery School Association meeting Wednesday night in the Community Church. Movies were shown to illustrate Dr. Bennett's lecture.

After the business session and program, refreshments were served by the hostesses: Mesdames Robert Spott, Robert Rochester, U. B. Smith, Woodburn K. Lamb, James McCutchan, Kay McGuire, and Frances Seaman.

Church Choir to Hear St. Olaf Group

The Orinda Church singers are all going to the San Francisco Opera House Friday evening February 11, to hear the famous St. Olaf Choir. This is the pioneer A Cappella choir in America. It was founded by the father of the present director, Olaf C. Christiansen in St. Olaf College in Minneapolis, Minn., where he was director of music. For some years, Olaf assisted his father but since 1943 he has directed the choir. The choir has given many concerts in the United States and in Europe.

Eighth Graders to Hold 'Dime' Dance

A special March of Dimes dance is being given by eighth graders of Orinda School this Friday night, 7:30, in the Orinda School auditorium. All students in the eighth grade at Lafayette, Walnut Creek, Canyon, Moraga and Alamo are invited to attend without charge.

Funds for the polio drive are to be raised by making every fifth dance a Dime Dance, with boys and girls taking turns at purchasing tickets. There also will be a wishing well in the center of the room.

Refreshments consisting of donuts and punch are to be served during the evening and each item will cost five cents.

Lead Roles Cast For "January Thaw"

Principle roles for the Orinda Dramateurs next production, January Thaw, have been selected from approximately seventy five members, and some interested bystanders, who tried out for the thirteen roles in the play. An exhausted casting committee and Director Keilty had not expected such enthusiastic response.

The four leading roles in the play will be portrayed by Mona Inglis, Wirtabel Harris, Bob Anthonisen, and Keene Pettengill. Supporting them will be Caroline Kitgaard, Judy Miner, Carol Ann Rechtent, Ted Freedman, and Clint Sherwood. Casting for two young male roles has not been completed.

Nearly all of the foregoing have appeared in previous Dramateurs productions and are well known to local little theater audiences. Judy Miner may however need introducing. The youngest member

of the cast, Judy is just nine and a half and proved at tryouts that she inherited all of the acting ability of her mother Bettye Miner.

With casting nearly completed and rehearsals under way, the Dramateurs are now turning their attention to the stage props for the amusing three act play. Even at this early date, January Thaw will not be staged until April 15 and 16, the production department is screaming "Uncle."

The entire list of stage props has not been compiled, but Mike Murphy, Dramateur president, would appreciate it very much if anyone knowing the whereabouts of a couple of suckling pigs (alive) would contact him. The Dramateurs are also tracking down a photo of Calvin Coolidge and a blue hen box, whatever that may be, but it's the pigs that have Murphy worried.

Father Klement Tells Experiences

Living conditions in war-torn China and personal experiences gained during 11 years missionary work there formed the core of a talk given Wednesday evening at Orinda Grammar School by Father William Klement S. J. The program was sponsored by the Altar Society of Orinda Santa Maria Church.

Father Klement also showed movies to illustrate portions of his lecture and conducted a question and answer period at the end of the program.

Now on a six months' leave from his work in China, the speaker is dividing his time between visiting the family of his brother, George Klement, 10 Valley View Road, and lecturing at the University of Santa Clara. During the 11 years Father Klement has been away from this country he spent 2 years in Peking, 5 in Shanghai (2½ as an enemy national), 1 at Tungtoi and 1 at Yangchow.

President of the Altar Society, Mrs. Romulus D'Arezzo, says the turnout for the program was more than gratifying, including among the guests fellow clergymen of Father Klement from this area, and a group of young women who have come from Shanghai to study as scholarship students at the College of Holy Names, Oakland.

Church Night Supper Planned

The monthly Church Night supper of Orinda Community Church to be held next Wednesday, February 16 at 6:15, will be devoted to discussion and action on the improvement and building plans recommended by the Board of Trustees. With John McFarland in the chair, members and constituents will sit down to "pot-luck", followed by the business meeting. There will be opportunity for free discussion of all aspects of the nine-point proposal.

Families who wish to attend the dinner will contribute the various courses and are requested to consult for assignments with Mrs. Penfield, Orinda 2083, or Mrs. Mordy, Orinda 2204. Separate entertainment for children will be furnished in the Children's Unit during the business meeting. McFarland, Kirk Miles and Horace Breed compose the Church Night committee.

Orindans, Inc. Hold Meeting

Since only nine people were present at the Orindans, Inc. meeting Monday night at 8 p.m. at the Grammar School, no official business was transacted.

"There was not a sufficient representation of the membership for a quorum," Benjamin Mallary, president, explained.

Informal discussion was held on a prospective program of speakers on County Government as it affects the home owner.

Oak Springs Association Holds Informal Meeting

The Oak Springs Home Association held an informal meeting last Tuesday at the Austin Little home. Since a quorum was not present, no business was transacted.

Captain Sandford Sez:

The horizontal bar on which I take part of my daily calisthenics is situated above a rough concrete slab and some steep concrete steps. In other words, if I fell off I would probably break my fool neck. Now you have the picture, here's what happened. The other morning I leapt out of bed like a stag from his lair. It was still dark, so tossing my pajamas aside I sallied forth in the nude. Peering upwards I could dimly see the horizontal bar outlined against the sky. I gathered myself for the spring . . . intention to turn over the top of the bar.

So here I was, in mid-air, clinging for dear life to a bar which had a coating of hard ice on it. For a moment things looked bad and then I was on top, where I perched precariously, meanwhile thawing the ice out with my legs, until I could safely let myself down and so the exercises continued. I suppose you who read this will think I'm nuts. I know that I am and I am sure enjoying it immensely.

This business of improving the other fellow is very important . . . always has been and always will be, especially to the improver. These clubs and associations formed for that purpose should learn either to study each problem with precision and accuracy . . . or else leave it entirely alone. Perhaps 95% of our population has to count its pennies with great care in order to try and make ends meet. This business of improving others is a very delicate affair. It must start somewhere, and certainly will never end. A suggestion for thoughtful people is that perhaps the vast majority should be given more consideration and not quoted loosely without authority from them. In other words, let the "Improver" learn to consider the situation of the "Improvee" also. Period . . . Good-bye now.

Report from Sacramento

By ASSEMBLYMAN
ROBERT L. CONDON

The motoring public of Contra Costa County, I hope, will be cheered by three bills which I introduced in the Assembly. All propose to make existing county roads part of the State Highway system. This of course, means better roads.

Involved are the Marsh Creek Road from Concord to Brentwood; the San Pablo Dam Road from Orinda to San Pablo; and the road from the Monument north of Walnut Creek to Martinez. The last Legislature extended State Highway 21 to Benicia, but did not cross the river.

The traffic certainly warrants all three roads being part of the State Highways. But with so many other demands on the State for funds, it may be difficult to secure passage of any of these measures.

BACK-BREAKING BUDGET

Governor Warren sent his budget to the Legislature, and the sheer weight of the printed matter almost broke the backs of two husky sergeants-at-arms. After a quick look at it, most legislators felt the same way.

It has been clear from the opening day of this session, that the most vital question the legislators will have to face will be that of raising revenue.

There is much talk around Sacramento of "economy". But this new budget calls for increased expenditures of \$140,244,652 over last year. In exact figures, it calls for \$1,060,187,939.

WARREN PLACES BLAME

This, say many people, is too much money. Governor Warren, in his budget message, placed much of the blame on our increased population and on Proposition 4.

But whatever the cause, there will undoubtedly have to be new taxes. The Governor's proposals include an added two cent per package tax on cigarettes; an increased liquor tax (from 80c to \$1.50 a gallon); and a larger share of the State's take from Pari-Mutuel betting (amounting to four million dollars annually). He would also restore the sales tax to three percent and eliminate the 15% reduction on bank and corporation franchise taxes, which was in effect during the war years.

These proposals are in for tough sledding. Opposition has already formed among members of the Governor's own political party. Republican Assemblyman Hollibaugh and Geddes vigorously oppose any increase in taxes at this time, and would prune governmental expenditures. Since cigarettes are part of the diet of many adults, the proposed excise tax there has been bitterly criticized. Some of the Democrats, like George D. Collins of San Francisco, oppose any increase in the sales tax, and would instead increase the personal income tax

and the bank and corporation franchise tax.

A SAFE PREDICTION

With so many conflicting viewpoints, it looks like the budget will not be finally approved until sometime in May. And the only safe prediction to make is that you are going to pay more for your government during the next fiscal year.

As I reported in this column a couple of weeks ago, I introduced a House Resolution establishing a committee to investigate the telephone company, with particular emphasis on the relationship between its business structure and the proposed telephone rate increases. The Rules Committee, to which the Resolution was referred, refused to pass it out to the floor. One reason was the feeling of some of the members of the committee that not enough information could be obtained between February 1 and March 15, the date the resolution set for a report to the Legislature.

In order to meet this objection, I amended the resolution to establish an interim committee empowered to investigate for one and a half years, or until the Legislature convenes in 1951. The amended resolution is still before the Rules Committee. If the Public Utilities Commission grants the increase requested by the Telephone Company, the resulting pressure on the Legislature may cause passage of the Resolution to investigate.

Gifts In Reverse

Observing February as their International Month, the Girl Scouts of the U.S.A. are redoubling their efforts to fill clothing kits for needy children in Europe and Asia. The Girl Scout Birthday, March 12, will be an occasion for birthday presents in reverse, since the final installment of "Clothes for Friendship" contributions will be shipped overseas by the Girl Scouts on this day.

Income Tax Rears Ugly Head Again

March is supposed to come in like a lion and depart like a lamb, which probably is an apt description of how you'll feel when your 1948 income tax has been deposited in the Internal Revenue Service's keeping next month.

Just to make things sporting, Uncle Sam gives everyone chance to make a few deductions before that final filing date. If things go right, he may take only your home and bank account, leaving your wife and six kids with commodious living quarters in the garage. (The car went last year so things shouldn't be too crowded).

If you want to hear the next installment of this scintillating saga entitled "How to pay your income tax," or "Phooey on Money," you can talk with an Internal Revenue Service representative, who, we have been assured, is coming to Lafayette loaded with good will and advice.

All joking aside, Everett Wadingham will be at Lafayette Fire House March 1 and 2, 9 a.m. to 5 p.m., "to assist the public with filing income tax returns." The implications of that barbed little phrase are enough to make one padlock the silver service and put the kiddies on a bread and water diet immediately.

Will Discuss Teaching Method

The "new look" in physical education programs for high school students will be explained Monday night, February 14 to Parents Club members of Acalanes High School by Wilbur Twining, graduate student of the University of California. The group will meet in the school cafeteria.

Twining, a local resident, is an outstanding leader in Boy Scout and other youth movements. It was announced by R. W. Laney, program chairman, who predicts that the talk on the evolution of athletic activities as it applies to high school students will be of practical interest to members of the club.

Students in the class of modern dance, tutored by Miss Millicent Hamburger, will furnish entertainment for the group.

Population Still Growing Here

Nothing a three percent increase over January a year ago, Contra Costa County is continuing its steady population climb, which since 1940 has been the most spectacular in the State.

According to figures released by the California Taxpayer's Association, estimated Contra Costa population for January 1949 is 303,000 as opposed to 294,000 in 1948. The total rise since 1940 (population 100,450) is 202 percent.

FIFTH IN STATE

Ranking fifth in population in the State, Contra Costa is also one of five California counties having between a quarter and half million residents. The other four according to January 1949 estimates are: Fresno, 283,000; Sacramento, 254,000; San Bernardino, 279,500; Santa Clara, 289,000.

Four counties in the State are among the select group boasting more than half a million population: Los Angeles, 3,951,500; Alameda, 730,500; San Francisco, 718,000; San Diego, 562,000.

There are ten counties with population ranging between 100,000 and a quarter million. These include: Kern, 223,200; Monterey, 15,500; Orange, 191,200; Riverside, 155,300; San Joaquin, 210,200; San Mateo, 209,100; Solano, 113,500; Sonoma, 107,600; Stanislaus, 134,300; Tulare, 156,700.

OTHER AREAS

Among the less populated areas are Alpine with an estimated 300 inhabitants; Del Norte, 7,600; Mariposa, 6,100; Mono, 2,000; Sierra, 3,400; Trinity, 6,400.

Estimated population for the entire State as of January 1, 1949 is 10,264,400, a three percent rise over the revised estimate of 9,974,350 for January 1948, according to the Taxpayer's Association. It is up 49 percent from the 6,907,387 listed in the 1940 census.

Scout Council To Discuss Policy

A special meeting of the Board of Directors of the Diablo Valley Area Girl Scout Council will be held next Thursday morning at the Coast Counties Gas Company Board Room on Bonanza Street in Walnut Creek.

The meeting will begin promptly at ten o'clock, Mrs. John W. Fry, president, said, and would last until noon. Among the important matters to be discussed will be policy procedure. No meeting has been held in the past two years for the sole purpose of considering and studying the various policies subscribed to by the organization, Mrs. Fry said, and many of the present policies now in effect are out-dated and should be removed from the current records.

Board Revises Area Sewer Code

The Central Contra Costa Sanitary District amends the District Sewer Code governing the installation of house connection sewers at the Board meeting February 3.

Revisions will produce a closer control of street cuts for house sewer installation and will permit the Sanitary District to maintain these in a safe condition for vehicular traffic in the event that the house sewer contractors fail to properly maintain these cuts. The cost of maintaining cuts will be charged against the \$25 deposit which is made guaranteeing the restoration of the street cut.

FAST ACTION

A further revision in the Code requires that all street cuts be restored to traffic within the same calendar day that the cut is made, according to president R. E. Wadsworth.

The Board discussed the annexation of 123 acres of subdivision lands north of Gregory Lane, and referred the matter to the District Manager and District Engineer for report.

The Board also instructed Manager John Mason to investigate the need for immediate sewer service in the Acalanes Center area, including Reliez Valley Estates and adjoining properties north to the intersection of Springhill Road and Pleasant Hill Road, including the Acalanes Union High School.

A canvass of the needs of this area will be made to determine if affected property owners want the work to be undertaken at this time. Capt. A. G. Sandford asked that this work be started.

Assessment diagrams and maps for Local Improvement District No. 2 were approved by the Board. Work of installing sewers in this area, which includes 1,080 acres lying southerly and southwesterly of Walnut Creek including Saranap and Sun Valley Estates, has been completed except for final repaving of streets. The sewers in this area are all available for house connections.

Getting Rid of a Buck

★ ★ ★ ★ ★

It's Not Easy Even in These Times

By DORIS SAGE

These days, when most people are trying to scrape a few dollars together to meet the cost of living, Harold McCrum, deputy county coroner and manager of the Little Chapel of the Flowers, has been having a difficult time getting rid of a buck.

In McCrum's case, however, the buck was of the four-legged variety; young, playful and at the in-between stage where the animal was too tame to wish to return to wild life haunts and too large and mischievous to be appreciated as a yard pet.

'BAMBI'

The deer, fittingly named "Bambi", had been the family pet at its Happy Valley home for the past eight months, and had filled the bill beautifully until recently he had acquired a predilection for chewing unmentionables hung to dry on the family clothesline.

Thinking the old proverb "spare the rod and spoil the child" might have a grain of truth to it, McCrum applied a stick to where it is supposed to do the most good,

with about the same results as in applying one to human "dears"—none.

EXPENSIVE TASTE

Lately, communications with neighbors informed the McCrum's that the buck had changed his taste for dainties and had nibbled various prize camellias where it would do the most damage.

"We thought a lot of the animal, it was a wonderful pet," said McCrum, using the past tense. "But after all, we have our neighbors to think of too."

Yes, Bambi was taken for a ride Sunday. Tearfully, Nancy McCrum, original finder of the pet, coaxed him into the back seat of the family car, and he enjoyed a ride to the present location of Durant Park, near Oak Knolls, where he was promised the company of his kind in a special paddock.

The McCrum family now has cards signifying membership in the Alameda County Zoological Society and feels honored, but very unhappy at the loss of Bambi, who ate unwisely and too well.

Public Warned Against Canal Water

Residents of this area and the entire county were warned this week against using untreated water from Contra Costa Canal for human consumption.

Dr. W. A. Powell, county health officer, made the following announcement after completing an investigation of the situation:

"The Health Department has investigated these conditions thoroughly and it is our opinion that a possible health hazard may exist here, especially should any cross connection occur between unsafe water and a public water supply. The Health Department is in

no way opposed to the use of canal water for irrigation purposes, because our primary interest is protecting the health of the public against the danger of a contaminated water supply."

A state bureau report to the county unit previously declared, "Widespread use of untreated water from the canal for irrigation purposes . . . makes it incumbent upon this department to warn users of the possible health hazard."

Dr. Powell declared all users of untreated water have been notified by mail of the safety threat.

Real Estate Course Gets Pointers On Law

Harold Holmes, Oakland attorney, lectured on "Loopholes in Legal Papers" and Ed Barnett, local attorney discussed "Recent Court Decisions and Effect on Real Estate" Wednesday at the Real Estate Study Course at Acalanes.

"Tony" Cvitusi, manager of Bank of America in Walnut Creek and representatives from Federal Housing and the Veteran's Administration addressed a large crowd on February 2nd.

The course is open to the public and tickets may be secured at the door or through the Real Estate Board in Walnut Creek.

Rheumatic Fever To Be Discussed

Control of rheumatic fever and the proposed legislative plan to augment local funds allotted to its treatment with state tax money will be the central topic discussed at a dinner Wednesday evening, February 16, at the Orinda Willows.

This meeting is sponsored by the Contra Costa Public Health Association and Contra Costa County Medical Society. The public is invited to attend and reservations can be made by calling Martinez 830.

Dr. Marcia Hays, Assistant Director of the Bureau of Maternal and Child Health, State Department of Public Health, will be principal speaker.

Panel Discussion Proves Lively

By JANE HIGH

With Rev. Glenn Shanks of Concord providing the voice of the opposition and Mrs. Oscar Busch of Lafayette supplying the fireworks, the panel discussion at the Community Church January 31 on "Is A World Government Essential To Peace?" brought members of the audience to the edges of the seats in suppressed excitement on several occasions.

Murmurs of opposition came from the listeners as Rev. Shanks criticized some of the sponsors of the United World Federalists, in particular, W. T. Holliday, head of Shell Oil Company, and also implied that we, not Russia, are the aggressors in the cold war.

FEAR AND PEACE

Rev. Harry Shaner of the Community Church pointed out that fear as a motivation for joining a world federation is a bad beginning for a world order whose aim is universal peace. He also showed the need for a missionary program similar to that of the church in order to educate people who are now completely lacking in any kind of orderly government.

An outline of ten points was given by Rev. Fred Morrow of the Orinda Community Church as essential for peace. Most important, said Rev. Morrow, is the need for rejection of war as a means of settling international disputes, and an awareness of one world with patriotic emotions directed toward it rather than confined to individual countries. Support of the United Nations and the starting of democratic principles in the home were also points brought out.

WAR OUTMODED

Mrs. Oscar Busch clashed with Rev. Shanks on several occasions during the discussion, but both agreed that war is outmoded and although world sovereignty is not

a guarantee of peace, it would be an improvement over the present system. Mrs. Busch also made the statement that well-being of individuals is one of the prime necessities for a peaceful world order. This statement was enlarged upon and carried into a discussion of trade agreements by Assemblyman Robert Condon of Walnut Creek who stressed the need for raising the standard of living all over the world. Clarence Stone of Orinda pointed out that economic levels cannot be raised while so much is being spent on arms.

Frank Smith of the Potter's Wheel gave a brief summary of the aims of the Federalists, and Sewall Smith brought out the analogy between our own Constitutional Congress and a group working through the United Nations to achieve world government.

Catholic Women To Have Sale

A food sale, sponsored by the National Council of Catholic Women, will be held at the Lafayette Dime and Dollar Store on Saturday, February 19, according to Mrs. E. G. Weiss, chairman of the day.

Ladies assisting Mrs. Weiss are: Mesdames Robert Claire, Joseph Botelho, John Maas, Louis Winkler, and E. J. Butsch.

Barbara Lewis Shows Dog in Kennel Show

Barbara Lewis of Upper Happy Valley showed her six months old Great Dane pup, Viking of Lou Haven, at the recent Golden Gate Kennel Show, San Francisco, and walked off with two blue ribbons. Viking came in first in the puppy 6 to 9 class and he took top honors in the novice group. Barbara is the daughter of Clifford G. Lewis, of Upper Happy Valley.

IT'S NOT EXACTLY his instrument but bandleader Henry Gallagher demonstrates on a spray gun how sweet and swiny music will be made for March of Dimes Dance and Entertainment Extravaganza Saturday night at Acalanes High School. Gitting pointers are Jack Hageman (left), ticket chairman, and Mel Nielsen, general chairman. (Post-Enquirer Photo.)

Flower Arrangement Show Planned

A Podesta and Baldocchi Flower Arrangement Show will be held by Lafayette Forum Tuesday, March 8, at 2 p.m. at the Lafayette Grammar School auditorium under the auspices of the Art in the Home section.

Lou A. Huff, who has been in charge of corsages and the wedding department for the past seven years with Podesta and Baldocchi, well known San Francisco florists, will demonstrate flower arrangements. Mr. Huff is greatly in demand and has given numerous flower arrangement shows in the Bay Area recently. Preceding the Flower Arrangement Show, a Dessert Tea, through the combined efforts of Mrs. Fred Huston, evening chairman and Mrs. T. C. Spencer, day chairman, will be held at the

Community Church at 1 with Mrs. Fred Vollmer, program chairman, presiding.

Mrs. Fred Huston and Mrs. T. C. Spencer will be in charge of the tea program with the President, Mrs. Donn Court, and Vice-President, Mrs. Pearl McCoy, pouring.

Reservations are necessary for the tea and also the flower arrangement show and must be made in advance owing to the limited seating capacity. Admission will be by membership card only, with each member allowed one guest. A charge of 40c per person will be made for the tea, with the proceeds going into the building fund. There is no charge for the Podesta and Baldocchi Flower Arrangements Show.

Reservations may be obtained by calling Mrs. Fred Huston, Lafayette 4814.

Will Elect Officers At Shriners Dinner Meeting

Members of the Contra Costa Shrine Club, a unit of Oakland Ahmes Temple, will hold a dinner meeting Friday night at Las Palmas Hotel, Walnut Creek. Most important business on the evening's agenda is election and installation of officers.

More than a hundred Shriners throughout the Bay Area are expected to attend, including the Divan, a portion of the Shrine Band, Ahmes Temple officers, and local dignitaries.

Heinecke Graduate of Foreign Trade School

James C. Heinecke, son of Mrs. J. Baglini, Golden Gate Way, Lafayette, will graduate from the American Institute of Foreign Trade at Thunderbird Field, Phoenix, Arizona.

Foreign trade problems of Latin America and Far East areas as well as Spanish and Portuguese languages are taught at the school.

Directors to Act On Petitions

Directors of the Contra Costa County Hospital District will act February 15 on petitions seeking to exclude Orinda - Lafayette - Walnut Creek area from the county hospital plan adopted last November 2 at general election.

A citizens committee led by C. C. Baum and Dr. Clifford L. Feiler, both of Lafayette, opposed a county-wide district prior to the balloting and secured petitions for withdrawal after the program passed by a slender margin.

This group feels a local hospital plan is the wish of residents and after district directors act February 15 to eliminate the territory in question, a proposal for such a small local district will be prepared by the committee, according to Baum, who made his announcement at a recent meeting of the Central Contra Costa Memorial Hospital Association.

HONOR GUEST

Mrs. George Rice of First Street entertained at a luncheon last Wednesday. Guest of honor was Mrs. Henry Shires of Alameda, who is leaving shortly for a trip to Europe. The guests were all former University of California classmates and those present from this locale were Mesdames Frank Russell of Orinda, David Stewart and Richard Rice of Lafayette.

HAVE FUN AND HELP FIGHT POLIO

March of Dimes Dance

Saturday night, 9 to 1 Acalanes High

WHEN LITTLE BRADLEY WOODINGTON, 2½, of Richmond, learned that only 10% of the 40,000 March of Dimes Coin Cards mailed to County phone subscribers had been returned to Contra Costa Chapter, March of Dimes — and that 36,000 persons thus far failed to mail back even ten cents, he decided to do something about it. Here is his personal plea to the forgetful ones: "LOOK! If you return your March of Dimes coin cards, I will walk again". And, Bradley speaks for more than 200 other stricken victims of infantile paralysis who need your help.

FROM THE SIDELINES

By Coach Erwin Mattson

A movement is on foot to create a county wide recreation district which seems to be the best plan as far as the Acalanes area is concerned.

The Acalanes area is a relatively new one and just now is beginning to feel growing pains as far as recreational facilities are concerned.

One of the big problems is to solve the recreational needs before they become critical. Increased growth will make the problem a serious one both as to need and as to expense.

It is to be hoped that a definite and active plan can be put into force in the near future. Such a plan would not run high as far as cost in dollars and cents but the cost can be high if the area fails to set up the necessary facilities. Unfortunately many people look upon recreation as a luxury and something that can be put off.

RECREATION A NECESSITY

In reality recreational facilities are a definite necessity not only to the youth but to the adults as well. A community well equipped with recreational facilities and good organization along with capable leadership is an asset that means much in the physical and mental health of the area involved.

Recreation is a necessity in modern day living where we are living in a rush and state of mental tenseness. Recreation is not necessarily play as we commonly think of it. Hobbies, particularly those of a creative nature are

worth their weight in gold as far as mental health is concerned.

Authorities tell us that it is more important for adults to provide themselves with hobbies which will take their interests away from their daily problems.

TIME DRAGS

Nothing is sadder than the individual who finds time heavy on his hands because there isn't anything to do.

In connection with hobbies the Cub and Boy Scout groups are doing a wonderful job. Display of their handiwork is nothing short of a revelation as to what an interested boy can do.

People in general are "hungry" for a hobby. Illustration of this is the huge attendance at handicraft classes at the evening classes at Acalanes High School. A course in ceramics necessitated the movement to larger quarters.

The wood shop classes find the walls bulging with an overflow crowd while folk dancing and recreational basketball find capacity attendance each night.

ARMY'S EXPERIENCE

The armed forces found that the greatest percentage of those who cracked up under the stress and strain of war was those who hadn't learned to play whether it was in the form of physically active sports or in the form of a hobby whether it be stamp collecting or knitting.

The important thing is to give the mind a chance to relax through an activity which is fun.

Fun is a must if we are to be happy well balanced beings. To youth it is extremely important to have facilities and guidance. The same applies to adults. Rather than being looked upon as an expense it should be looked upon as an investment in the physical and mental well being of the people of the community.

Crippled Dons Face Crucial Game

In the game which will determine the leader in the "A" team race for county championship, the Acalanes Dons meet the Pittsburg Pirates at 7:30 p.m. tomorrow on the Pirates' court.

Up to this game both teams have been defeated only once. Acalanes by John Swett and Pittsburg by Acalanes. Pittsburg will be seeking revenge for Acalanes is the only team that has sunk the Pirates this season.

Acalanes is plagued by injuries. Marshall Freeman, star forward, is out with a dislocated knee. Larry Feagans is hopping around on crutches with a broken ankle, and Lynn Amason is just getting over a bad sprained ankle. However, Lynn will see action in the Pittsburg game.

Acalanes' probable A team line-

up is LF Amason, RF Hall, C Nielsen, LG Van den Heuvel, and RG Ferro. B lineup is LF Fox, RF Champion, C Spight, LG Dunn, and RG Keefauver.

The Acalanes Dons tasted the bitter dregs of defeat when the Bees dropped a 44-16 contest while the varsity fared a bit better but lost 45-33 in games played last Friday night at Crockett.

The Bee game was Crockett's all the way due to sharp floor play and a couple of dead eyes in the persons of Bobby Graves and George Phillips who tanked 10 and 15 points respectively.

In the varsity affair Crockett started fast and had a 20-13 half time margin.

Acalanes came back fast and

hard in the final period but was unable to close the gap. Cortez and Gallo were the big guns for Crockett with 19 and 17 points respectively. Teddy Hall found the range for 13 digits to lead the Dons.

Elsewhere in the county Diablo toppled Alhambra winning both games while Antioch eked out a win in the Bees tilt but fell before the Pitt varsity in a nip and tuck game.

This week the Dons travel to Pittsburg. Alhambra hosts Antioch and Diablo meets up with John Swett at Concord.

Sometimes you get away with it...but

You're boiling water on the front burner when your doorbell rings. It would be a simple matter to move the kettle to a back

burner, out of reach of your small child's hands while you answer the door. But you don't bother. And nothing happens, *this time*

Sometimes You Don't!

Your child's only scarred for life—and you're lucky. He might have been scalded to death. But the rest of your life you'll live with this moment of carelessness. Caution

can prevent this tragedy. Train your children not to go near the stove. Never leave them in the kitchen alone when you're cooking. Be extra careful for your child's sake!

*Be Careful—the child you
save may be your own!*

Cubs Receive Awards at Meeting

Though Pack 32 is concentrating this month on rehearsals for the "Cub Revue" March 4, the boys took time out last Friday evening for their monthly pack meeting at Orinda Grammar School.

Cubmaster Al Meyer set up the program which included motion pictures and distribution of individual honors earned during the preceding month.

Following is a list of awards: Den 1, Mark Jensen, wolf; Den 3, Jim Sweet, lion and one year star; Bruce Smith, bear and one year star; Chip Peacock, bear, gold arrow on bear and one year star; Richard Normand, silver arrow on bear and one year star; Hart Corbett, lion, gold and silver arrow on lion; Allen Shapiro, wolf; Duval Geissler, wolf; and Ben Coombs, 2 year star.

Den 4, Don Morrow, Denner's stripe; Peter Altieri, assistant denner's stripe; Jon Palmer, silver arrow on bear; Doug Krotz, silver arrow on wolf. Den 5, Phil Hunter, lion; and Billy Ellenmeyer, lion.

Den 6, Dick Cory, gold and silver arrow on bear; Douglas Day, gold arrow on bear; John Gilvan, gold arrow on bear; Bob Johnson, gold and silver arrow on bear; John Barchfield, gold arrow on bear; Dick Schuler, gold arrow on bear.

Den 7, Jimmy Little, bear; Robin Muse, assistant denner's stripe; John Hall, assistant denner's stripe; Billy Hughes, assistant denner's stripe and one year star. Den 9, Norman Pinkley, bobcat; Norman Glem, denner stripes; Bill Ready,

assistant denner stripe; Benji Randall, den chief. Bill Stranton was introduced as a new recruit in Den 9.

Acalanes Vote On Taxes Covers Reliez Valley

A resolution to include the upper end of Reliez Valley in the tax limit election March 22 was approved by Acalanes Board of Trustees Tuesday night.

Superintendent Neil Parsons explained that the Board of Supervisors recently added this area, approximately two miles square, to Acalanes and Lafayette School Districts. The trustees' resolution permits residents to vote on the tax limit issue.

WHY THE ELECTION?

This election has been called to renew the present tax limit extension, which without voters' approval, would revert back to 75c. Trustees pointed out in calling the election that 75c would nowhere near cover local school costs.

At the March balloting, residents are being asked to approve a \$1.50 limit, though Parsons points out that no appreciable rise above the present \$1.17-1.19 figure is contemplated. To quote him, "The additional leeway is recommended only as a safeguard for meeting unforeseen emergencies."

OTHER BUSINESS

Trustees granted the contractor an extension to obtain hardware for the shop re-construction program, and expressed a desire for the high school to be included in Central Contra Costa Sanitary District as soon as possible.

MURIEL STRATTON (left), the "broker's daughter" in Lafayette Playshop's "Nothing But The Truth," is telling the truth to Beverly Miles, the play's "bishop," during a rehearsal of the three-act drama which is a mixture of stocks, bonds, promises and pretty girls. Mrs. Edith Dinkin is director. It will be staged Friday and Saturday nights at Lafayette Town Hall.

Guild Hears Lecture on Peace

By CARRIE BROWN

The Women's Guild of the Community Church met Tuesday, February 1, at the home of Mrs. H. J. Frolich who had assisting her as co-hostesses Mrs. Challis Gore and Mrs. Olive Gerbre.

Mrs. Laura Sisson led the devotions, her theme being Christ's new commandment, "Love one another," which, she said often required giving something harder than the giving of money, the giving of ourselves and our time to those who needed it.

STONE SPEAKS

The guest speaker was the lecturer Clarence Stone, formerly of Berkeley, but a resident of Orinda now for six years. He spoke on "The Only Road to Peace."

He said many roads had been tried and suggested. Some feel it should be the road of religion, that monotheism could become the universal religion.

But many thought there would be needed some agency to implement it. He went on to say that all peace treaties are impermanent and have resulted only in a truce for in the treaties were the seeds of future aggressions.

Another road to peace was pacifism which was strong before the second world war. Such a road is only feasible when all countries agree to it.

ROAD OF POWER

Stone said there were the advocates of another road, that of power. But history shows that when one country becomes all powerful, as was France in the time of Napoleon, then the weaker countries form alliances to break the threatening power.

After the Napoleonic wars there was no big war for 100 years but many smaller ones. Great Britain wanted no nation to become too strong but when Germany became a threatening power she made an alliance with France. Then, Germany, Italy and Austria for economic reasons formed an alliance — and thus it goes on.

"Isolationists in the United States objected to Wilson's plan of a League of Nations. Germany and Japan and then Russia withdrew from the league. Then the road of appeasement was tried," he explained.

"The Rhine was to be demilitarized. England even strengthened Germany to keep France from getting too powerful. So appeasement failed."

Stone continued by claiming the only road to peace was a world controlled government. The United Nations organization is valuable but it is not a government. World government would do away with armaments except for police duties.

In the U. N. the Big 5 are powerful in a two power world. Federalists want to modify the U. N., making it a law making, interpreting, and enforcing body which would limit the power of the nations belonging to it.

In conclusion Stone said he felt as did a growing number all over the country that a world government could be achieved through U. N. machinery and that Russia must be persuaded through the force of world opinion to become a part of it.

Your Garden

IN LAFAYETTE
AND ORINDA

BY
CONSTANCE HANSEN

One advantage of starting your own plans from seed is that you can have particular colors or varieties that may be hard to find in nurseries.

For instance, you don't often see flats of the Chinese pinks, such as the ones Dr. Feiler has had in such profusion across the front of his new medical building the last two years, although these are very easily grown from seed. The varieties Geisha Girl and Gaiety both give a wide assortment of bright shades of pink and rose, and while listed as annuals, usually perform well for at least two years.

The nicotianas and four o'clocks are also ornamental summer flowers easily raised from seed. They are also fairly permanent and drought resistant when once established. The four o'clocks come in rather strong shades of yellow, pink, and red, but are valued for their habit of blooming throughout the summer and fall. They have very thick perennial roots, and their thick bushy growth makes them useful for quick-growing low temporary hedges.

FRAGRANT DWARFS

The new white nicotiano Daylight is dwarf in habit, and the flowers are fragrant. Its claim to distinction lies in its ability to stay open in the heat of the day as well as in the evening.

Thoughts of annuals or quick-growing perennials always bring to my mind the puzzling subject of people who live in rented houses and ignore their outdoor surroundings.

So often you hear them say that there's no use trying to have a garden, since someone else will reap the benefits of their labors and outlay of money. But with very little money and some effort they could be making their stay much more pleasant and enjoyable, instead of living in a house, which tells every passerby, as plainly as though there were a sign on it to that effect, that it is inhabited by renters.

Very often the people who are

only renting, and thus have no interest in making their surroundings more livable stay on in the same place ten or fifteen years. In less time than that they could be sitting in the shade of a redwood tree or flowering cherry planted as seedlings, or a weeping willow planted as a slip.

PRACTICE —

They could also be getting in practice for making full use of the place of their own they plan to have eventually, and when they move leave behind them more pleasant souvenirs of their occupancy than the usual collection of trash and weeds.

One catalog lists a brand new kind of cosmos this year. Instead of having separate petals, the flower is cup-like or bell-shaped like a wide open canterbury bell, with a few feathery petaloids in the center. If you like the pink cosmos, this would be an interesting novelty to try.

Then there are verbenas which grow into small bushes rather than spreading out flat, and these should be useful for long-blooming bedding plants. For bold sunset or Indian color combinations, try the annual double gaillardias. The bold reds, yellow, and orange florets are tipped with contrasting buff or white markings, and the flowers are long-lasting when cut. They bloom well into winter, succumbing only to a real killing frost.

FLORIST PRIMROSE

A few months ago I was given a young plant of the florist's primrose, Primula obconica, and have enjoyed watching it grow and bloom in the north kitchen window. Its one requirement seems to be frequent waterings, but with no danger of drowning or spotting of the leaves, as is the case with some of the more tricky house plants.

For your printing needs at sensible prices, call Lafayette 4452.

CHRISTIAN SCIENCE CHURCH

"Soul" is the subject of the Christian Science Lesson-Sermon for Sunday, February 13, with the Golden Text taken from the twenty-third Psalm: "The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures; he leadeth me beside the still waters. He restoreth my soul."

The following citations are included in the sermon:

The Bible: "My soul waiteth for the Lord more than they that watch for the morning: I say, more than they that watch for the morning" (Psalms 130:6).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The suppositional antipode of divine infinite Spirit is the so-called human soul or spirit, in other words the five sense, — the flesh that warreth against Spirit. These so-called material senses must yield to the infinite Spirit, named God" (p. 200).

Allison Miller Heads Reserve Unit

At a recent meeting at the Oakland Army Base, a new affiliated reserve unit was formed under the command of Colonel Allison Miller, Lafayette businessman. The sponsorship agreement was signed by Colonel Dwight F. Johns, Division Engineer, South Pacific Division of the Corps of Engineers. This unit is a part of the Department of the Army nationwide program for establishing trained and technically qualified reserve units that will be ready for action in the event of a national emergency, Miller said.

"Experience gained in World War I and World War II points up the need for such reserves in helping to assure our national security by adequate military preparedness," he added.

Colonel Miller is a graduate of the United States Military Academy, Class November 1918. Dur-

ing World War II he was executive officer and district engineer of the Detroit, Michigan District, Corps of Engineers and was awarded the Legion of Merit for his work on Military Construction and Supply. Colonel Miller is a partner in Miller-Blackwood, local Plymouth-Dodge dealer.

This engineer unit, like other affiliated reserve units, will be made up of men who work together in their civilian occupations. Through a systematic reserve training program these peacetime skills will be organized and applied to related military operations. Should a national emergency arise these units will be organized and ready to step into operations with which they are already familiar. This should avoid a lot of "fitting round pegs to square holes."

Awards Are Given To Cub Pack 78

Friday night's rain didn't keep proud parents and equally proud young hopefuls from attending Pack 78's achievement award meeting. Cubs of Pack 78 must have been very busy Indians for 24 out of the total of 42 Cubs earned 67 awards.

The ranks of cubbing according to ascending order are Bobcat, Wolf, Bear, Lion and Webelo. Those who earned the Wolf were Phillip Lemos, Jimmy Linsley and Jack Meimbress.

BEAR RANK

Twelve were advanced to Bear: Willoughby Baker, James Bridges, Donald Carey, Robert Carlson, Charles Fuller, Howard Jones,

Dress Girls Travel To See Pet Deer

Two little girls from Lafayette traveled all the way to Ukiah recently. Katherine and Gerry Ann Dress made the long trip to see old friends, "Judy" and "Flash", a pair of tame deer.

The youngsters drove with their parents, Mr. and Mrs. R. J. Dress of Mt. View Drive, to visit the R. B. Stanbaughs, on whose ranch the deer, now full grown, make their home. "Judy" and "Flash" were once pets of Katherine and Gerry.

In addition to enjoying their deer friends, the girls participated in various winter sports.

Mr. and Mrs. A. Miller Entertain Newlyweds

Mr. and Mrs. Allison Miller of Lafayette Oaks had as their guests this past week-end Mr. and Mrs. Robert Miller, nephew of Mr. Miller, from Pelham, New York.

The young couple, who were married January 8th, are touring the West Coast on their honeymoon, after visits to Mexico City and points of interest in Southern California.

Returning east the newlyweds will visit Donald Miller, son of the Allison Millers, and his wife who reside in San Luis Obispo. Donald is attending school there.

VANDERWOERT BABY

Mr. and Mrs. M. C. Vanderwoert of El Cortola Blvd. proudly announce the birth of a small son who arrived at the Alta Bates Hospital February 5. He weighed in at 7 lbs. 7 ozs. and has a sister, Claudia, 14.

HULL & SONS

Canyon Callings . . .

By LORRAINE ATKINSON

Tom Borden, like his famous predecessor, the Piper's son, has a fondness for pork. The live kind, preferably greased.

Canyon abounds with talented people. Artists, sculptors, ceramists, photographers, woodworkers, and leather workers, to name a few.

Spring moving is starting early this year. The Earl Campbells have moved to Alameda, the G. C. Coldwells to Richmond, the Loyde Therkelsens to Piedmont, and the Ralph Hollingsworths to Berkeley. We are very sorry to lose these good neighbors.

The Henry Biermans and son Richard, Phyllis Rice and daughter Mary, attended the Postal employee's Pot Luck supper held recently at Moraga.

The Bob Atkinsons had one of their Chows entered at the recent Golden Gate Kennel Club show in San Francisco. Canyon visitors at their bench were George Menge, Allan Moresi, and Jeff Dunham.

There are some would-be Thespians in our midst. Seems there is a play brewing. Watch this column for further developments.

Mrs. Betty Bramlett must resign as President of the Canyon Women's Club, due to the fact that the Bramlett's are returning

to Fort Worth, Texas. Certainly hate to lose you Betty but we wish you luck in your new home.

The Women's Club of Canyon convened last Thursday night for its regular monthly meeting at the schoolhouse.

During the business session, representatives were appointed to meet and co-operate school affairs with the local school board. Those names were Mesdames Irene Rawlins, Pearl Goss, Gladys Shally, Margaret Chessum, and Wilbur Allison.

An appeal was made for volunteers to help with decorations, to serve refreshments, and to take charge of games at the public Valentine Frolic to be held this Saturday night, at the Community hall.

The club voted to present an electric wall clock to the upper-grade classroom in appreciation to the students for their part in selling advance tickets for this community affair.

Members present unanimously agreed to appropriate \$10 from the club's treasury to finance ground work for a young girls club in the community.

The club meeting date was changed from the first Thursday in the month to the second. Refreshments were served by Mrs. Thomas Lorentzen and Mrs. John Shally.

Parents Club To "Bake" Scholarships

Just how college careers can be based upon cakes and cookies will be demonstrated next Saturday by Parents Club of Acalanes Union High School, when the members stage their annual cake sale in the Lafayette, Walnut Creek and Orinda areas. Scholarships to two outstanding students of the school, awarded by Parents Club, will depend upon the success of the sale, according to Mrs. Edward Greub, ways and means committee chairman.

Sales in past years have developed more buyers than cakes, according to Mrs. Alden Macomber, publicity chairman. More cakes are expected for the sale this year, with fewer disappointed customers.

The Purity Store in Walnut

Creek will be headquarters for the Walnut Creek and Pleasant Hills areas, Mrs. Greub announced, with Mrs. Forrest Bailey and Mrs. Charles R. Smith in charge. Lafayette will be served by Mrs. Greub, who will operate at the Lafayette Dime and Dollar Store. Located in old Orinda Village, the Orinda Store will have Mrs. R. C. Diehl on duty. Mrs. Pete Kallas will represent the drive in Moraga and Canyon.

Posters produced by Acalanes students announcing the cake sale project have caused much favorable comment, according to Miss Vera Richardson, art teacher in charge at the high school.

Thomas Alva Edison

February 11, 1847 • October 18, 1931

His inventive mind gave us

ELECTRIC LIGHT

Shining Symbol of American Enterprise

It would be good for us all to pause a moment on the eleventh of February to honor the man who gave us electric light — and say a simple "Thank you, Tom Edison". Every hour of day and night his light serves us. And we use it freely because it is good light — good and cheap to use.

From Edison's light we have come to use electricity for more and more comforts and conveniences. We have learned to wash, iron, sew, clean house, preserve food and entertain the family — all with electricity. Today, lighting is just a small part of what many of us still call our "light bill".

In a sense it is a "light" bill. It lightens our homes and our work, and the low cost of electricity helps lighten our task of balancing the family budget.

Yes, Tom Edison, thanks to you.

WHEN FATHER CALLED NEW YORK

How in a few short years, Long Distance has speeded service, improved clarity, lowered rates

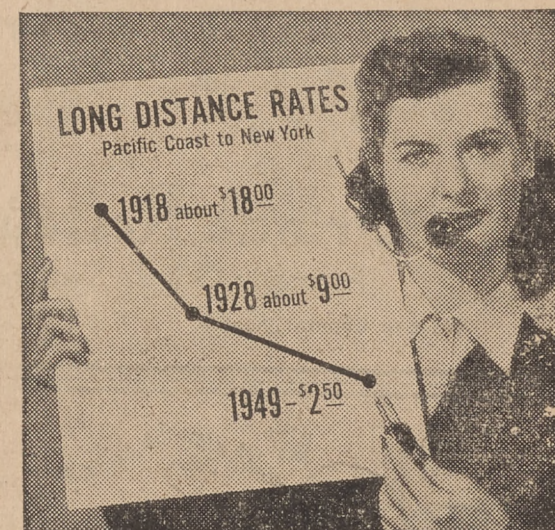

1. Back in 1918 it was quite a thing to call long distance all the way across the country. Took a good set of lungs, too. In those days you had to use as much voice to talk long distance as you would in calling to another person eighty feet away across an open field.

2. Today it's just as easy to talk across the nation as it is to talk to someone just across the table from you. Continual improvements in the telephone instrument you use, in telephone lines and cables, in voice-boosting equipment along the way, make a normal voice carry 3,000 miles or more with ease.

4. Takes less time today to get your connection. Now calls go through in an average of less than two minutes. These are just a few examples of the way telephone service grows in value . . . becomes a better buy. A local call still costs just a few pennies. Compared to other prices, telephone service is one of your biggest bargains today.

3. Rates have gone down amazingly. In 1918, Father paid about \$18.00 for the miracle of talking Coast-to-Coast. Worth it, too. By 1928, we'd been able to drop rates to about \$9.00 for a three-minute station daytime call. And today you can make the same call for just \$2.50, plus tax. Here's one of today's big bargains.

The Pacific Telephone and Telegraph Company

More than 70,000 people working together to furnish ever-better telephone service to the West

Marian Seim Is Now Mrs. Nelson

The Orinda Community Church was the scene Wednesday evening, February 2, of the candlelight wedding of Marian Gertrude Seim, daughter of Mr. and Mrs. Benjamin B. Seim of Orinda to Adolph Folke Nelson of Mill Valley.

The Reverend Fred Morrow officiated at the double ring ceremony before the altar on which was a lovely flower arrangement of white gladiolas and white stock.

ESCORTED TO ALTAR

Escorted to the altar by her father, the bride wore a gown of white crepe with a fingertip veil of delicate old lace. She carried a bouquet of white roses.

She was attended by Mrs. Jacobsen of Mill Valley as matron of honor, gowned in turquoise crepe. The misses Jeanne Powell and Elizabeth Hansen of San Francisco were bridesmaids. Their gowns were hoop skirts of marquisette over taffeta in yellow and aqua with large bustle bows.

FLOWER GIRL

Kathleen Susan Seim, little niece of the bride, was the flower girl. Her dress was a hoop skirt of pink tulle over taffeta and was trimmed in delicate pink and blue roses.

All attendants carried bouquets

Clipper Club to Meet At Wilbur Twinings

The next meeting of the Clipper Club will be on the evening of February 11, at the Wilbur Twinings home, 42 La Encinal. This will be a Valentine party highlighted by Wilbur's showing his Explorer Scout film, "A Day in the Sierras."

Refreshments were served by Mesdames Campbell Judge, Robert Diehl, William Joslin, Elmer Fisher and Kenneth Anderson.

ORINDA VILLAGE PH. 2151

of lavender stock and pink and yellow tulips. The mother of the bride was gowned in garnet velvet with a corsage of white tulips.

Benjamin A. Seim, brother of the bride, was the best man. The ushers were Donald Brandmire and Leon Ormstrong.

A reception for 125 guests was held in the church unit following the ceremony. The couple will make their home in Orinda.

Club Schedules Travelogue, Tea

Orinda High School Mothers Club held its regular business meeting last Monday at the home of Mrs. Campbell Judge, 7 Dias Dorados Drive.

The group voted to give \$25 to the Library fund and plans were made for a "Travelogue" and tea to be held March 14 at Montclair Womens Club in Oakland.

The Travelogue will be given by Mrs. Einar Hine, well known Oakland Club woman, on her recent trip to Denmark. The planning committee is composed of Mrs. William Joslin, general chairman, and Mesdames George Klement, Robert Diehl, Lorin Bush, Elmer Fisher, Alfred Reid, Kenneth Anderson and George Neldham.

Guest speaker for Monday's meeting was Mrs. C. Crane of Contra Costa County Health Association. Mrs. Crane spoke on "National Heart Month."

Refreshments were served by Mesdames Campbell Judge, Robert Diehl, William Joslin, Elmer Fisher and Kenneth Anderson.

Penny Marsh Gives Party

Penny Marsh, daughter of Mr. and Mrs. Wallace A. Marsh, entertained twenty-eight friends for dinner last Wednesday evening to celebrate her eighth birthday.

Seated at the red and white decorated table were the following guests: Katherine Coombs, Nancy Veitch, Tommy Solinsky, Holly and Joan Borden, Linda Welch, Stefani Jensen, Sally Johnson, Susan Ray, Sherry and Wendy Welch.

Gwendolyn Buxton, Suzanne Walker, Joanna Gompertz, Billie Klement, Michael Bacon, Michael Catherall, Dorothy Reilly, Judy Henderson, Susan Freedman, Christine Romine, Patti Bonds, Becky Harris, Susan Libby, Heidi Devins, Linda Axelson, Sherry Rasmussen, Sandra Rundle and Penny's brother, Wally.

Party Promises To Be Success

The Valentine Tea and Card Party sponsored by the Women's Guild and held in the new church unit on Monday afternoon the 14th, promises to be a success as a social affair as well as one with philanthropic ends. Two really valuable prizes will be given as well as a small prize for each table. Those planning to take advantage of the child care provided for the afternoon for 35 cents please phone Mrs. Hunn, Orinda 2888.

Curtain Calls: Reserve Sections For School Show

Last Saturday's show at the Orinda School was really something no one should have missed. It was appealing to both the younger age group and the teenagers.

Next week's show will be another of those good Johnny Mack Brown westerns, "Little Joe, the Wrangler".

Incidentally, a reserved section has been developed for the older group so they can all sit together. Lucky for the committee that the older ones like to sit in the back and the younger in the front. There will also be a reserve section each week for birthday parties so they can all sit with their friends.

There were a couple of extra cartoons because there were three parties — all with 8 year olds — Billy Hard, Penny Marsh, and Nancy Veitch. To see Mrs. Marsh unload her car full of girls from the party was really a treat — it was a surprise that she didn't have at least one girl under the hood.

Michael Stahle, son of Mr. and Mrs. John Stahle, whose 7th birthday is February 14th, will celebrate it Saturday with a party at his home followed by taking his guests to the theater. Guests will be: Michael Bigler, Burdette Hoecker, Jeff Schwarck, Seid Wallace, Tommy Miles, Peter Telfer, Bobby Courant, Martin Smith, Gary Lucas and the host, Michael Stahle.

Adeline Time Sometime in June

"Sweet Adeline..." Barber Shop Quartets will treat music lovers to a bigger and better Quartet Parade sometime in June.

The popular tonsorial tune-masters will devote the entire program to straight quartet singing. According to Mike Murphy, ten outstanding quartets from Northern California are thawing out from the recent cold spells preparatory to taking part in the Parade.

The Chorus, which will also take part in Saturday's March of Dimes show, has applied to Aca-lanes High School for the use of the auditorium on June 25th. "My Adeline!"

Lolita Boysen Has Gay Party

Lolita Boysen celebrated her sixth birthday last Saturday afternoon with a gay party at the home of her parents, Mr. and Mrs. W. M. Boysen. Twelve guests enjoyed refreshments served amid a Valentine motif, and movies were shown afterwards.

Guests were Tommy and Vickie Miles, Deborah Smith, Lynn Amberg, Pat and Judy Murphy, Stanley Duncan, Michael Davis, Jean and Mitzi Wright, Cherie Sharp and Suzanne Dean.

Betsy Ann Kilburn Has Pink Birthday Party

Betsy Ann Kilburn asked for a "pink party" to celebrate her fourth birthday last Saturday so that's exactly what her parents, the Channing Kilburns, gave her. Jane Seamen, Allison Hanford and Tommy Richards spent the afternoon helping Betsy Ann enjoy games and refreshments. Her month old sister was home too, but Mrs. Kilburn says she's a little too young to be included in the actual guests list.

STUDYING FOR PH. D.

Fred Twining is completing his thesis on marketing personnel problems, based on research made in connection with his work for Safeway Stores. He expects to receive his Ph. D. degree from Stanford in June.

Observe all traffic signs and live much longer.

IN YOSEMITE

Mr. and Mrs. C. D. Moore of Camino Encinas enjoyed Wednesday, February 2, at the Ahwahnee Hotel in Yosemite.

WEEKEND IN CARMEL

Mr. and Mrs. W. C. Judge of Dias Dorados spent the weekend of February 29th at the La Playa in Carmel. Worden Travel Agency arranged the trip.

LEAVES FOR SCHOOL

Robert Hartor of Charles Hill Road left for Mexico City on January 28 to attend medical school.

SOUTHERN CAL TRIP

Mrs. E. L. Barges of Camino Sobrante and her three teenage daughters, Norine, Carol and Gail, traveled south last weekend. They stayed at the Paso Robles Inn and the Santa Barbara Biltmore.

RECOVERING AT HOME

Sally Tinkham is at home taking out a semester from Whitman College which she had been attending. Nancy Tinkham is recovering from the combined attack of mumps and glandular fever.

Stevie Crosses His Fingers

Stevie Rasmussen, son of Mr. and Mrs. Rudy Rasmussen, will celebrate his eighth birthday tomorrow.

Stevie has his fingers crossed for this party. Last year he fell off a horse, just before his birthday and the year before measles interfered with his party.

His guests will be Henry Moylan, Keith and Nancy St. Clair, Anne Groennings, Ricky Davis, Duval and Allan Montague, Freddy Whitman and Gary Beman. They will have lunch at Stevie's home and then go to the show at the Orinda School.

'Bound Together' Sermon Topic

"Bound Up Together" is the topic of Rev. Fred R. Morrow's sermon at the morning worship service of Orinda Community Church next Sunday at 11 o'clock. Members of the Pastor's Class now being conducted for 7th grade pupils are to attend the service as the first of four special projects planned for the period leading up to Easter. Choral music will be contributed by the senior choir directed by Mary Elizabeth Tomme, with Mrs. C. P. Baker at the organ console.

Christian education activities are provided at 9:30 Sunday morning for all ages through grammar school grades, and for high school young people at 7 o'clock.

Rotary to Hear Report on Cruise

Lafayette Rotary members will be treated to an eye witness report on "A Presidential Cruise to the Eastern Mediterranean" at their weekly luncheon meeting Thursday, says program chairman John Loop.

Captain E. M. Senn, U.S.N., is to give the talk which covers a trip he took to that area with the late Franklin D. Roosevelt. Captain Senn served in both World Wars, commanding the USS Cincinnati and the USS Quincy during the latter conflict.

THE ALLEN HOSPITAL

Susan Allen, second grade, daughter of Mr. and Mrs. Stanley A. Allen, has been out of school this week and part of last week with pneumonia. Dick Allen, first grade, is at home with an inflamed ear. Anybody else want to join the Allen hospital?

JIM HAS MUMPS

Jimmy Hunter, first grade, son of Mr. and Mrs. Don Hunter, is at home this week with mumps.

DOUBLE MUMPS

Lynn Week, second grade, son of Mr. and Mrs. Dick Week of Glorietta Blvd., has been out of school for the last two weeks. He started with a severe case of the flu and now has mumps on both sides.

CELEBRATES BIRTHDAY

Dennis Money, son of Mr. and Mrs. Vern Money, celebrated his fifth birthday last Saturday at his parents' new home on Orchard Road. Favors and decorations were in the Valentine theme. His guests were Stevie Shank, Sherry Fager, Donny White, Myra Jean Williams, Allen Breed, Richard Lyman, Kit Dod from Berkeley and Barbara Vadetscher from San Francisco.

BIRTHDAY PARTY

Jean Bodfish, daughter of Mr. and Mrs. Frank Wright, is hosting a party tomorrow to celebrate her eighth birthday. Her guests will be friends from the Palmer School in Walnut Creek. They will have lunch and then games and movies in the afternoon.

HOME WITH FAMILY

After a long serious illness culminating in an operation at Herick Memorial Hospital, Mrs. M. H. Groves is happy to be home again. Her family and many friends are pleased to see her improvement every day.

PARTY AT OGDENS

The 5th and 6th grade pupils of the Orinda Sunday School will have a party at the Ogden home Saturday evening, February 12.

AUTO COLLISION

Bruised and badly shaken up in an auto collision Tuesday evening at Miner Road and Orinda Highway, Mrs. I. I. Wilkin and Mrs. Charles Schuler are congratulating themselves it was no more serious and so do their friends.

ENTERTAIN FRIENDS

Last weekend in their home on Moraga Highway Margaret Zamloch entertained her friend Betty Dygert, and Patricia entertained her friend Patty Lou Tinsley. The sisters took their guests to the Assembly Saturday evening in the Acalanes High School. All had a grand time.

DEPARTMENT LUNCHEON

Mrs. Robert Anthonisen entertained wives of the personnel of the Chemistry Department at the University of California at a luncheon at her home on Orchard Road Wednesday.

BUSINESS TRIP

Bill Worden of Worden's Travel Agency flew to New York Monday morning to see the new steamship "Caronia," of the Cunard White Star Line.

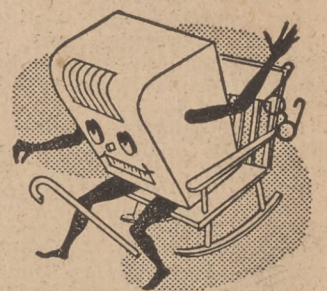

DINNER-DANCE

Members of the Orinda Country Club will have a formal dinner-dance Saturday evening. The Mischoy Orchestra will provide danceable music for the Valentine celebration.

ATTEND CONCERT

Robert Brereton, the blind concert pianist, who has been the houseguest of the C. B. Chantlers for the past few weeks, gave a concert at the Arlington Community Center Sunday. Attending from Orinda were Mrs. Kenneth Anderson, Mrs. Peg Winters, and the Chantlers and daughter Janet. Mr. Brereton left Tuesday for Los Angeles where he is scheduled to give a series of concerts.
